

3 Days Of Queen Elizabeth National Park

Day 01:

**Kampala – Queen Elizabeth National Park (6 Hr Drive)
Mweya Safari Lodge – Full Board**

Wake up early, and enjoy a morning breakfast from the hotel after which you will be picked up from there by your guide at 7:30 am who will brief you and you embark on the 6 hours journey to Queen Elizabeth. Along the way, you will have a few stopovers at the Equator, where you will take enough photographs.

Lunch will be in Mbarara town after which you will head to the park and lodge.

Thereafter proceed to the Park as you drive through the spectacular landscape characterized by open grasslands, Ankole long-horned cattle, tea plantations, the Rift valley Escarpment, and various woodlands. Reach the park in the late afternoon and have a game drive as you drive to your lodge. Dinner and overnight will be at Mweya safari lodge.

Mweya Safari Lodge offers visitors an unforgettable experience. Located on a peninsula within the heart of the Queen Elizabeth National Park, Mweya Safari Lodge is surrounded by the magical Rwenzori Mountains aptly described as the 'Mountains of the Moon'.

Day 02:
Queen Elizabeth National Park
Mweya Safari Lodge – Full Board

Set out into the savanna grassland for a morning game drive as you look out for the hunting lions. There is a 99% chance of seeing all the 4 big five in Queen Elizabeth National Park. Look out for the Giant African Elephants, herds of buffaloes, hippos, and with luck the shrewd leopard.

The park is also home to more than 660 bird species that have been recorded, making it a bird haven and an attraction for many birders.

Lunch break, After lunch take on a relaxing launch cruise along the Kazinga channel, a wonderful way to view wildlife coming to water at the channel in the afternoon heat. You will see the resident schools of Hippos, Elephants having a bath after a long trek through the grasslands, buffaloes wallowing in mud at the water banks, and other wildlife coming for a drink. The channel alone is a good birding spot and the most common bird species in the park include the Egyptian Goose, Spur-winged plover, African fish eagle, Pied kingfisher, Lesser flamingos, and African skimmers.

Return to the lodge for dinner and overnight stay.

Day 03:
Chimpanzee tracking
Queen Elizabeth National Park to Kampala (6 Hr Drive)
Return / Departure

It's an exciting morning as we prepare to meet these primates that are the closest living relatives to humans sharing more than 98% of our genetic blueprint. The chimp habitat itself is interesting as you make your way in the forested gorge "almost like an underground forest" to follow the tale tales leading you to where the chimps are. Do not forget to carry your binoculars as the chimps tend to foliage in tree canopies. Later have your packed lunch and drive at leisure heading back to Kampala arriving in the evening.
